

Food Safety Testing Suppliers, Brands, and Capabilities

Blog Post: <https://foundertraction.com/food-safety-testing-market-leaders/>

Supplier	Brands or Acquisitions	Representative types of products and instrumentation
Danaher	Beckman Coulter Cytiva Integrated DNA Technologies Leica Microscopes Molecular Devices Hach Pall Phenomenex Sciex +others	HPLC/MS, flow cytometry, microscopy, microplate readers, rapid microbiology platforms, water quality testing products.
Mettler Toledo	Mettler Toledo Ohaus Ranin Autochem Thornton Ingold Cargoscan Hi-Speed Safeline CI-Vision Biotix Troemner Eagle PI +others	Weighing instruments, laboratory material handling products and consumables, titrators, density determination. At-line and on-line product inspection products such as metal detectors and x-ray systems.
Thermo Fisher Scientific	Thermo Scientific Fisher Scientific Life Technologies Applied Biosystems Invitrogen Affymetrix Niton Dionex Unity Lab Services Patheon FEI +others	Consumables, analytical instruments, chemicals, reagents, services. At-line and on-line product inspection products such as metal detectors and x-ray systems.

Global Food Safety Testing Suppliers and Revenue Estimates

Blog Post: <https://foundertraction.com/food-safety-testing-market-leaders/>

Company	Revenue USD	Estimated Food Processing / Safety Revenue USD (global estimate)
Thermo Fisher Scientific	25B	600M
Danaher	19B	300M
Mettler Toledo	3B	600M
Agilent Technologies	5.2B	350M
Charm Sciences	n/a	150M
Hygiena	n/a	250M
Neogen	400M	200M
Waters	400M	200M
3M	33B	340M
Others	n/a	1.2B
